

The President's Message *Patrick D'Arcy*

This is my last message as your President. I am unaware of any impeachment proceeding and believe I will complete my term until June 9 when my friend and very capable attorney Chris Baylinson will take over.

I was honored to serve and humbled by the energy and support exhibited by members of our organization throughout the year. Together, we achieved many accomplishments of which we can be proud. Some highlights include: taking 200 kids to a Surf Game; set record attendance at each dinner; had our most successful golf tournament ever; raised money during the holiday season for Sister Grace with a cocktail hour at the Tun Tavern; established a website; honored the retiring Judge Segal; completed a very successful mock trial program; Young Lawyer's Division is gaining membership and had great functions; welcomed our newest judges, the Honorable Bernard Delury and the Honorable Nelson Johnson; coordinated Law Day program educating the public about Meghan's Law and Internet crime; completed a very successful Alcotest seminar; and last, but not least, raised over \$14,500 for Sister Jean Webster at an event attend by over 300 people.

However, nothing would have occurred without the constant support of

our members. I am truly grateful to the many lawyers who never hesitated to help, whether financially or physically. These attorneys are the lifeblood of our organization. We will cease to exist without the active involvement of as many attorneys as possible. I only ask that this support continue for Chris and all Presidents that follow.

The Officers and Trustees who served with me were outstanding. Whenever necessary, they stepped up and worked tirelessly to make certain whatever we attempted was a success. Thank you for everything. Special thanks go to Mary Berard. Mary is a true asset to our organization and was of great assistance to me throughout the year.

When I was installed, I said I believed lawyers can make a difference. Now, a year later, I know this to be a fact. Our group is comprised of strong and compassionate individuals. I am proud to be a member of this Association and hereby give my commitment to stay involved at every level. I look forward to seeing you in the future as we continue to make a difference.

When it's more than just
"Oops"

Accidents are a fact of summer at the shore.

Cars crash. People fall. Decks break. Chairs fail.

When they do, think Fleisher Forensics. In most cases, Fleisher engineers are at the site in hours, before important evidence disappears. They will expertly evaluate what happened, in what order, and why.

When you choose Fleisher, your calls and emails are answered rapidly. And should you ask Fleisher to issue a report or testify, you'll find we're well-prepared and deeply familiar with the file.

Call Fleisher for the engineering expertise you need.
